A MESSAGE FROM THE DIRECTOR

Denise Taylor
Executive Director

All the conferences, networking, meetings and regular interaction with your colleagues were designed for times like this. The worst of times is when you need the best of friends.

I sincerely hope that CCCMA and your peer-to-peer relationships have served you well through this pandemic and historic social change. The quick and steady action and the boundless sharing on the website and over Zoom got us all through this and will keep us moving forward.

On behalf of myself, Gloria, and the Board, CCCMA is honored to have walked with you in 2020. The path in 2021 will look different, stay with us!

Thanks for sharing in the accomplishments highlighted in this report. We can't wait to celebrate our connections in person, as soon as possible.

Denise

CONNECTIONS

In 2020, CCCMA provided over 70 hours of professional development and connection opportunities to our members! Our Emerging Managers Summit attracted over 100 attendees from across the state with their two-day virtual event. The Colorado Women Leading Government conference attracted over 270 participants with Arizona Women Leading Government attending as well. From our Annual Conference to our Senior Advisors, explore the variety of ways we made meaningful connections with each other.

COLORADO VETERANS LEADING GOVERNMENT (COVLG)

CCCMA launched a dedicated committee to advocate, network, train and provide professional development resources for veterans and CCCMA members seeking to serve and lead in local government.

DIVERSITY, EQUITY & INCLUSION

"Now is the time. Get up. Stand up. Speak up. Do something." -Trish Stiles, Board President

A Diversity, Equity, and Inclusion Task Force was created in August with members from across the state as well as representatives from partner organizations. The Task Force has agreed on the following focus areas:

- Increase the diversity in every level of our membership.
- Support the career development of our diverse members.
- Become a resource for DE&I learning, training and sharing.

BY THE NUMBERS

Your dues come back to you through programming, staff support and scholarships.
