## \* Sponsor participation options at the CCCMA Annual Conference

In an ongoing effort to encourage interaction between our sponsors and attendees, we are trying 2 new set ups.

### **Gallery Room**

The Gallery room has space for up to 25 attendees. Platinum Sponsors can host information presentations or demonstrations as a concurrent session or during receptions for 20-40 minutes. Let the managers know about your latest projects and how you can work together in the future. These sessions will be listed in the program and there will be pre-event marketing as well.

### **Hot Topic Breakfast Roundtables**

This year the meet and greet breakfasts will be a little more scripted. Sponsors will be invited to facilitate discussions about a topic you choose – your logo and topic will be displayed at the table. It can be related to your business or a “hot” topic, that you know managers would appreciate talking about. These sessions will be listed in the program and there will be pre-event marketing as well.
